WELCOME TO ORTHOTRENDS 2018 @ CHANDIGARH

Dear Orthopedic Fraternity,

We take immense pride in being part of the Orthopedic community for a quarter of a century now and take this opportunity to invite you all to the International Ortho Conclave, the 5th Edition of ORTHOTRENDS 2018 at Chandigarh on 6th and 7th October, 2018.

ORTHOTRENDS, over the years has grown to become a solid platform to quench the everlasting thirst of the medical fraternity for acquiring newer pastures of knowledge and skill sets in our specialty domain. Be it, the budding young surgeons or the seasoned Orthopedics, ORTHOTRENDS is bound to boost your learning curve.

The previous editions of ORTHOTRENDS held at Ahmedabad, Indore & Jaipur have been great success stories in the field of Orthopedics, owing to its rich composition of content, delivery and organizing skills. The trade exhibition being organized on the side lines of this mega event is yet another attraction for the participants to catch up with the latest trends in the field of Orthopedics.

Unlike other Ortho meets just focusing on training and published literature, ORTHOTRENDS is conceptualized to provide a much wider platform to learn from the stalwarts of the specialty from India and the world. This 'academic extravaganza' is all poised for its next level of perfection and record setting in its 5th edition at Chandigarh, this year.

We, the Organizing Committee, comprising National and International faculties, eagerly await your valuable presence on 6th & 7th October, 2018 at Chandigarh. The event is sure to provide unprecedented avenues for experiential learning – academics, interactions and live surgeries in an ambience that will foster good networking as well. The rich and invigorating culture of Punjab is bound to leave unforgettable memories deep in your minds...

"Day 1 & Day 2" Remark :					

ORTHOTRENDS 2018 IN VIBRANT PUNJAB

Punjab, the land of Five Rivers, in North- West India enjoys the natural benefits and fertile soil for cultivation. It has always been the land of great saints and fighters. Punjab carves out a distinct identity due to its language, script, culture, food, attire, folklore, people etc. The hospitality of the natives of Punjab is unparalleled in the world.

CHANDIGARH – THE CITY BEAUTIFUL

Planned by Le Corbusier, the celebrated French architect, Chandigarh derived its name from the ancient Chandi Mandir located in the city. Fondly called as "The City Beautiful", this Union Territory serves as the capital of both Punjab and Haryana.

Located at the foothills of the grand Shivalik range, the city has earned a good name as a tourist destination for its great planning, the clean environment, the grand structures and the magnificent gardens. It is an incredible city, with many sectors that are intertwined by a great network of roads. Nature lovers will love the gardens and the reservoir in the city.

Some of the must see places in Chandigarh are: The Rock Garden, Sukhna Lake, Rose Garden, Government Museum and Art gallery, International Dolls Museum, Japanese Garden, Musical Fountain, Butterfly Park and Botanical Garden.
